December 12, 2014

Dear Room 105 Families,

Next week will be dedicated to final projects in many of your academic areas. It is vital that your student is here everyday next week so that they have the time to complete these projects and demonstrate their knowledge. Don't forget to **"CHAT WITH YOUR STUDENT ABOUT THE IMPORTANCE OF MAINTAINING FOCUS DURING THIS TIME OF YEAR**." Classroom behavior and academic expectations will not be changing and we will be engaged in learning until the last possible moment before break. Let me know if you have any questions/concerns.

Here is what we did this week:

- Science – Newton's 2nd and 3rd Law
- Reading – Character Unit Project
- Writing – Fantasy Unit Drafting
- Math – Division of Decimals
- Word Study- List 4 Test – List 5 Assigned

Here is what we will be doing next week:

- Science – Newton's Law Video Project
- Reading – Character Unit Final Project – Baseball Cards
- Writing – Fantasy Unit Drafting – Editing – Publishing – Online Ebook
- Math – Mod 2 Test
- Word Study- List 5 Test
