

May 1, 2014

Dear Room 105 Families,

It's MAY! The school year is quickly coming to a close. In Language Arts we will be finishing our Informational Writing and Reading Units. Next, we have only Poetry and Research Writing to complete. For our next chapter in math we are pilot testing the Eureka Math program. It is different than everyday math in its presentation of the information, however the content will be the same. **As the days become warmer it becomes more and more difficult for students to maintain focus during our lesson and independent work time. Please chat with your student about the value of finishing the school year strong.** Please let me know if you have any questions or concerns.

Here is what we did this week:

- Social Studies – Southwest
- Science–Finished Fossils
- Reading – Non Fiction Reading
- Writing – Non Fiction Writing
- Math – Fraction Test/Decimal Fractions

Here is what we will be doing next week:

- Social Studies – Southeast and Northeast
- Science–Fossils – Sun, Moon, Earth
- Reading – Non Fiction Reading Finish
- Writing – Non Fiction Writing Finish
- Math – Decimal Fractions

May 5- April 25
