

September 27, 2013

Dear Room 105 Families,

The students have been working hard stretching their narrative writing. The expectations in writing, in comparison to 3rd grade, are bumped up. We are focusing on adding concrete descriptions and details using our 5 senses to "show not tell." Just a reminder that Homework is given nightly and should be turned in the next, unless there is a written due date. We would like to welcome Mrs. Knoppe, a Teacher Education student from Madonna University to our class for the next few weeks. She will be observing lessons, working with students, and teaching a few lessons. Please do checkout my website www.mrprovost.info. If you would like to be on the email list, concerns, or have any questions please feel free to contact me.

Here is what we did this week:

- Social Studies – Government
- Science—Forms of energy
- Reading – Visualization
- Writing – Adding Details
- Math – Unit 1 Multiplication

Here is what we will be doing next week:

- Social Studies – Economics
- Science—Energy Form Transformation
- Reading – Improving Reading Strategies
- Writing – Story Structure – Extending Details
- Math – Unit 1 Multiplication

The weather is getting wacky! Please be sure that your student is dressed for the changes in temperature.
