

November 6, 2015

Dear Room 105 Families,

The end of the card marking is rapidly approaching. This year I set up a conference sign up website. Go to <http://tinyurl.com/mrpCON15> . You do not need to create a Sign Up Genius account to select a conference time. The website should send out reminders as the conference date approaches. This week, the class chatted about how to improve the climate in the classroom. We identified that school is getting harder and that there are more expectations. So, as a class, how will we meet these challenges? To start, we explored how positive thinking can help in overcoming problems and challenges. In the coming weeks we will continue developing positive classroom strategies to help students grow as they prepare for 6th grade. Please email me with any questions/concerns.

Here is what we did this week:

- Social Studies – European Exploration of North America
- Science–Energy – Newton’ s Laws - iMovies
- Reading – Character Unit
- Writing – Editing and Publishing
- Math – Multiplication (x 10)
- Word Study - No New List Given

Here is what we will be doing next week:

- Social Studies – European Exploration UNIT TEST
- Science–Energy Forces
- Reading – Character Unit
- Writing – Finalize Personal Narrative
- Math – Multiplication Unit 2
- Word Study - List 6

FALL CONFERENCES 2015 SIGNUP
